

Enhance Customer Service

ENHANCE CUSTOMER SERVICE: CREATE AN EXEMPLARY EXPERIENCE

There are four primary, yet simple actions required to deliver exemplary customer service and a positive experience that elevates employee performance and retains customers. The customer's experience during a support event has the biggest impact on satisfaction ratings, retention and loyalty, which ultimately impacts the bottom line. In this highly interactive workshop you will learn techniques to easily influence the customer's experience that consistently delight the customer; raising satisfaction, retention and loyalty.

Unsatisfied customers will tell a minimum of 13 others about their experience. It takes 12 positive customer experiences to make up for one negative. A customer is four times more likely to buy from a competitor if the problem is service related versus product or price related. 70% of buying experiences are based on how the customer feels they are being treated. 82% of customers who are dissatisfied with the service they received will not come back or buy again.

Can you afford to have one negative experience impact your performance, team, reputation, or company?

DURATION: Half-day (Full day includes additional practice of navigating a customer situation).
